Cook the Rice

Pour the cold **water** for the **rice** (see ingredients for amount) into a medium saucepan with a tight fitting lid. Stir in the **rice** and ¼ tsp of **salt**, cover with the lid and bring to the boil on medium-high heat. Once boiling, turn the heat down to its lowest setting. Leave to cook for 10 mins, then remove the pan from the heat (still covered) and leave to the side for another 10 mins or until ready to serve (the rice will continue to cook in its own steam).

Prep the Veggies

Meanwhile, halve, peel and chop the **shallot** into small pieces. Peel and grate the **garlic** (or use a garlic press). Halve the **red chilli** lengthways, deseed and finely chop. Trim and thinly slice the **spring onion**. Trim the **green beans** then chop into thirds.

Stir-Fry the Green Beans

Heat a splash of **oil** in a frying pan on high heat. Once hot, add the **green beans** and stir-fry until tender, about 5-6 mins. When cooked, transfer to a plate.

Cook the Mince

Keep the pan on high heat and add another splash of **oil** if the pan is dry. Add the **pork mince** and stir-fry until browned, 6-8 mins, breaking it up with a wooden spoon as it cooks. When the **pork** is cooked, drain off any excess **oil**, add the **shallot**, **garlic**, **spring onion** and as much **chilli** as you dare. Cook until the **veggies** are softened, another 2-3 mins. **IMPORTANT:** The pork is cooked when it is no longer pink in the middle.

Bring Back the Beans

Return the **green beans** to the pan. Add the **ketjap manis** and **soy sauce** and stir everything together. **TIP:** If the mixture is a little dry, add a splash of water.

Finish and Serve

Remove the pan from the heat. Roughly chop the **coriander** (stalks and all). Mix into the **pork**. Fluff up the **rice** with a fork and share between your bowls. Top with the **pork** stir-fry and get stuck in. Super tasty. Or, as they say in Thailand, Aloy mak.

Enjoy!

There may be changes to ingredients in recipes:

Allergens: Always check the packaging of individual products/ingredients for up to date information.

Missing Ingredients: You will be notified by email if an ingredient is missing or replaced, with any potential recipe step changes.
